Continuation of Substance of Interview including description of the general nature of what was discussed: 4. In the amendment received on March 09, 2006, claim 13 depended on claim 12, which has been cancelled by the applicant. Claims 15-17 referred to "mirror" in place of "reflective surface" of previous claims. In claim 17, the "means for detecting light" lacked antecedent basis as claim 13 on which claim 17 depended did not have any "means for detecting light."

In a telephone call on May 15, 2006, Atty. Michael Greenberg concurred with the Examiner on all the above deficiencies and agreed to amend the claims after consulting with the inventor(s). Atty. Greenberg telephoned the Examiner on May 23, 2006 to confirm the amendment. The amendment was filed on May 24, 2006.
